

# PLANED TRAINING \*NEW FOR AUTUMN 2010 OPPORTUNITIES

Thank you very much for the latest taster course "Plumbing in the Home" organised by PLANED. Every one of them expertly delivered by well qualified staff. The courses have enabled me to tackle various tasks with confidence and also help my neighbours.

Alun Bartlett

I attended a Painting & Decorating course in Haverfordwest. The course was excellent, the whole group seemed to really enjoy it and I felt I learnt a lot - the tutor who took us was first class. Thank you again for arranging such a brilliant course.

I particularly enjoyed the tasks even though initially they sounded a bit challenging, the confidence boost they gave was instantaneous and effective.... The tutor is amazing and inspires confidence...

Nestor Kirk

## Understanding Traditional Buildings

I found the course fascinating and very thorough. The tutor is very knowledgeable... The course was enjoyable and we learned of past and present buildings and techniques.

Lucy Saxton
